## PARTS:

- [Kindle Fire HD 7" \(2nd Gen\) 2013 Rear Panel](#) (1)

## Step 1 — Battery

- Open up the device by using a plastic opening tool in order to avoid damaging the device.
- To do so, find the seam along the outer edge of the device and use the plastic tool to pry the back panel up. Doing so may take some force and patience.

## Step 2

- Locate the battery's power ribbon.
- Use nylon spudger to disconnect the ribbon from the mother board.

## Step 3

- Peel battery away.

⚠ Battery is glued and may cause permanent damage if bent.

To reassemble your device, follow these instructions in reverse order.
